AMERICAN SOCIETY FOR CELL BIOLOGY

November 26, 1986

Harmon C. McAllister, Ph.D.  
Research Director  
The Council for Tobacco Research-USA, Inc.  
900 Third Avenue  
New York, New York 10022

Dear Dr. McAllister:

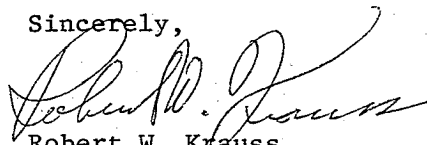

I am pleased to acknowledge and to accept with thanks the check from The Council for Tobacco Research, in the amount of \$2500.00, in support of the FASEB Summer Research conference on Fc Receptors and Immunoglobulin-Binding Factors which will be held June 14 - 19, 1987. The Federation and the scientists who comprise it are appreciative of your interest in assisting us to improve scientific communication. The funds will be used by the chairman of the conference, Dr. Richard Lynch, to defray the travel and registration expenses for some of the speakers.

We extend an invitation to the scientists of your organization who are interested in attending any of the FASEB Summer Research conferences. There will be seventeen conferences held under our auspices next summer - ten in Saxtons River, Vermont and seven at our new site in Copper Mountain, Colorado. Enclosed is the 1987 schedule of FASEB Summer Research conferences. A complete program and an application will be published in the February 1987 issue of Federation Proceedings.

I have enclosed for your interest a copy of the FASEB Public Affairs Newsletter. It is published monthly by our Office of Public Affairs to keep Federation members and other readers abreast of the latest developments in Congress and in Executive Branch agencies that may affect biomedical and biological research.

Please express to the appropriate officials my thanks and appreciation for your generous support of this conference.

Sincerely,

Robert W. Krauss  
Executive Director
